Lantern Interior
↑

COLOR your Outer Lantern first (the page with lines that says “Share Some Kindness”). *Add some kind words to make it even more special.*

FOLD the Outer Lantern in half (fold it long ways).

CUT on the gray dotted lines on all pages. You will have a slotted Outer Lantern and a solid Lantern Interior

GLUE the long edges of the Lantern Interior to the long edges of the Outer Lantern with a glue stick. Leave the “tabs” free.

FOLD the lantern gently into a circle. Secure with the small tabs. *Use a stapler, or paperclips to hold it secure while glue dries.*

HANG your lantern. Punch holes over the small grey ✕ on the top of the Outer Lantern and use yarn, string, or ribbon to create a handle.

SHARE online with a #AprylStott (I TOTALLY want to see!!!)
